

United Way
of Androscoggin County

EDUCATION OUTCOMES

- All children in Oxford County are adequately prepared for success in kindergarten. They have the family and community support required to achieve the intellectual, social, emotional, and physical capacity to succeed in school.
 - Individuals are adequately prepared for success in the community and workplace. Access to services, education and training opportunities leading to self-sufficiency, independence, and the ability to contribute to society will be provided.
-

INCOME OUTCOMES

- Homelessness is reduced through prevention services, emergency shelters, transitional living services, outreach and housing for those with low/no income.
 - Basic living needs, including but not restricted to food, clothing, and essential household good, are accessible to people with the most need.
-

HEALTH OUTCOMES

- Access to affordable healthcare, including preventive, physical and mental health services, is available to people with the most need.
- The social and wellness needs of individuals will be met through programs and services.
- Interpersonal violence will be reduced, root causes will be addressed with strategies to prevent violence, so that individuals are safe in the community.
