FROM OUR EXECUTIVE DIRECTOR

Dear Friends,

The past year has, of course, been full of challenges as we adapted to a new global reality. With that said, I couldn't be more proud of our organization, team, board, and donors who rallied and helped the United Way of Androscoggin County have another great year. New partnerships were formed, new ways of meeting needs were created, and new solutions to long-standing problems were acted on.

We truly learned that our community is HOPEFUL for a better tomorrow. Over the years I have had the opportunity to see and be a part of the impact that United Way has played in our community, most recently playing a backbone role during the COVID-19 pandemic. During this time, United Way was able to step in and raise approximately \$250,000 and very quickly invest in the agencies that could make the most impact. This is what the United Way team does time and time again. Whether it is a new threat like a pandemic or an ongoing threat like homelessness or food insecurity, United Way is here to provide support to ensure that we can face these issues head on.

At United Way we are HOPEFUL that children, individuals and families live in a community that offers opportunity, where all can thrive and achieve financial stability. Thank you for all that you have done to play a part in sharing your time, talent and treasure to get us much closer to our vision.

With gratitude,
Joleen Bedard
Executive Director

OUR COMMITMENT TO RACE, EQUITY, DIVERSITY & INCLUSION

United Way's mission is founded on the primary beliefs that respect, diversity and inclusion make us stronger and that equity in education, economic mobility and health are only possible if there is equal access to justice.

A strength of United Way is that we are both local and global, giving us the ability to bring to worldwide scale the importance of racial and ethnic equity. As a global network, we stepped up our commitment to model diversity, equity and inclusion by taking a leadership position in approving a change to the U.S. and international membership requirements which apply to all 1,800 United Ways in 40 countries and 18 territories worldwide.

There are three components:

1. Expanding our statement valuing diversity and inclusion to also include a position opposing all forms of racism and ethnic discrimination;
2. Ensuring annual racial/ethnic equity training for all staff and board members; and,
3. Developing and using racial/ethnic equity as one of the criteria for community investments.
